

Bushcraft

Bushcraft can be divided into four categories. In your session you will have looked at at least one of them; shelter. Can you name the other three? There are a few clues dotted around the page if you look at the pictures carefully.

1. Shelter
2. _____
3. _____
4. _____

Look at the picture of the shelter frame at the bottom of the page. What is important about how the sticks are joined?

We need shelter for protection, but what does it protect us from?

How did your instructor test your frame? _____

There are lots of things that nature provides which make a good covering for your shelter. Can you circle the ones below that you think might be good to use?

leaves

ferns/bracken

mushrooms

rocks

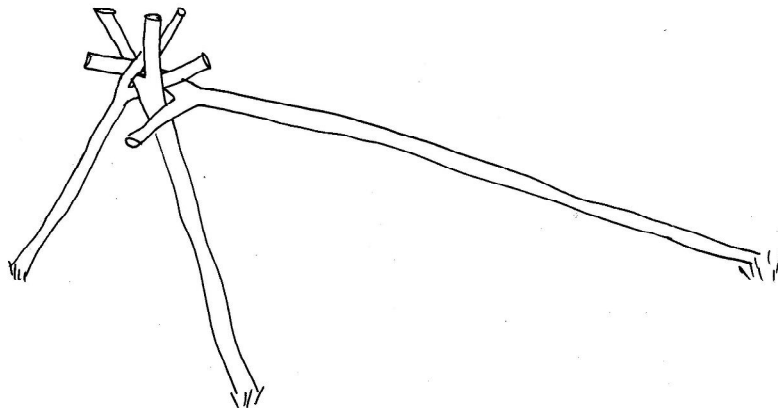

grass/hay

soil

Use the frame below to help you draw the shelter you made. Try to think about the different colours.

Making fire is like making pancakes: you need three basic ingredients. For pancakes they are eggs, milk and flour. Can you remember what the three ingredients for fire are?

1. _____
2. _____
3. _____

Fire is very important for us and it has many uses, however it can also be very destructive if it gets out of control. See if you can finish the following sentences. Use the word bank below to help

A fire should be the _____ size possible to complete the task.

To stop a fire quickly we can _____ one of the three ingredients.

When using fire we must always check the area for things that might accidentally _____.

Fire is a _____ not a _____.

When you were sat around the fire how did you feel? (Use the word bank to help).

Fire is a tool, what do we use it for?

What did you enjoy most about your session and why?

I most enjoyed _____

Because _____
