

Eco-Schools

We are an Eco-centre at Pendarren our Eco policy is:-

- To reduce the impact of our centre on the local and global environment
- To promote and demonstrate good environmental practice within our centre to the staff, visitors and community

We sort our rubbish into four bins at Pendarren. Where do the contents of these bins end up? Link the bin with its end destination.

Compost

Paper

Landfill

Plastic / Metal

In a hole in the ground

Greeting cards

Clothes

Toilet roll

On the garden

Park benches

Wacky Waste Facts?

Each year in Britain, we throw away 28 million tonnes of rubbish from our homes. This weighs the same as three and a half million double decker buses. A queue of buses that long would go around the world one and a half times.

We use the 3 r's at Pendarren with our rubbish. These are:-

1. _____ -Creating less waste in the first place
2. _____ -Using your waste again
3. _____ -Making new materials from waste materials

Wacky Waste Facts?

In just over a week, we produce enough rubbish to fill Wembley stadium. Over half of that waste can be recycled.

How do you use the 3 r's at home and at school?

Home

1. _____

2. _____

School

1. _____

2. _____

Wacky Waste Facts?

Every year an estimated 17.5 billion plastic bags are given away by supermarkets. This represents over 130,000 tonnes of plastic - enough to cover an area the size of London twice with a layer of bags.

What can you do this week to help our environment?
