.....

adult
Tawny Eagle

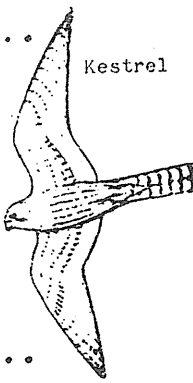

2. Why are Birds of Prey different from other birds?
(What do they eat, and how do they get their food?)

.....
.....
.....
.....

Peregrine Falcon

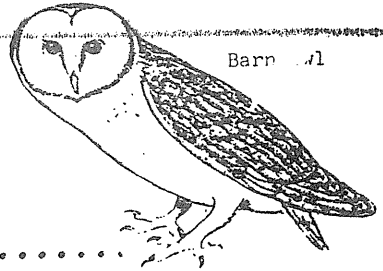

Kestrel

3. What is the special difference between Falcons and the other birds?

.....
.....
.....
.....

4. Most Owls fly at night to catch their prey (nocturnal). How else are owls different from the diurnal birds of prey?

Barn Owl

BIRDS OF PREY CONSERVATION AND FALCONRY CENTRE

Buzzard

5. Why is there a need for a conservation centre for these birds? What does the centre do to help them?

.....

.....

.....

.....

.....

.....

.....

6. Which birds were used to demonstrate Falconry on the flying ground? What happened?

.....

.....

.....

.....

Sparrowhawk

7. Which particular bird did you like best? Write down why you like the bird. Imagine you are the bird and make up a story or a poem about how it feels (make a picture of your bird on a separate sheet of paper if you like).

Lanner Fal
